Work Experience

GAOTek Inc. (Remote)

August 2024 – February 2025

Team Lead & Web Development Intern

- Led a team of 15 interns and ensured timely delivery of 6+ web projects by streamlining workflows and optimizing resource allocation.
 - Developed and deployed multiple e-commerce websites using WooCommerce with 30% improved load times and enhanced user experience.
 - Trained 30+ interns in WordPress and Elementor, reducing deployment errors by 20% and improving project quality.
-

Projects

Hope for Paws — Visit Here

August 2024 – May 2025

MERN Stack Developer

- Integrated a dynamic NGO directory and a pet adoption system, increasing platform usability and engagement by 30%.
- Facilitated a network of **30+ active volunteers** and onboarded **6+ certified veterinarians** to offer free online consultancy services through the platform.
- Implemented a public query and response system where users can post concerns or questions, and verified veterinarians provide expert guidance and support.

WIE-ILS Official Website — Visit Here

December 2024 – March 2025

Reactjs, Tailwind CSS

- Designed the official summit website with a 99% uptime for 100+ registered users.
- Integrated event timelines and streamlined UI with React.Js and Tailwind CSS.

FreelanceChain

November 2024 – May 2025

MERN Stack, Solidity, Web3

- Built a decentralized freelancing platform leveraging **Solidity smart contracts** and the **MERN stack**, ensuring transparent, trustless interactions between clients and freelancers.
 - Implemented **Web3-based authentication** using MetaMask, enabling secure, blockchain-backed user registration and login.
 - Designed and developed the **freelancer interface** enabling users to post services, explore projects, and submit proposals, resulting in a seamless decentralized job flow.
 - Integrated smart contract-driven **escrow system** for milestone-based payments, enhancing platform security and eliminating third-party dependencies.
-

Certificates & Achievements

- Website Head for IEEE WIE International Leadership Summit 2025.
- Won 1st position for **Hope for Paws** at the International Innovation Summit held at Punjab University.
